

# BRF Area Available to Construct BLF

This drawing is not to scale.

The 28' deep water dredged area is represented by the blue/red polygons at right.

- The red area is unavailable for use.

- The blue area represents area within the 28' depth that can be used for construction.

- The white border area can be used as a keyway to temporarily hold a vessel to facilitate docking/undocking of an inboard vessel and is approx 1500' North to South and 150' East to West.

- The Westernmost edge of the pier/manouvering area can be no more than 500 feet from the bank.

- The remaining area indicated by the mottled brown area is available to use.

- The NE corner ships can be moved to accommodate facility/ship placement.
